Why study at Mount Kenya University

Mount Kenya University (MKU) is a premier chartered university committed to a broad-based, holistic and inclusive system of education. It has an overall goal of promoting human capital development for society's progressive good. The University has adopted several international best practices in its core functions, which have enabled its students and faculty win awards, thus stamping its authority as a Centre of excellence. The university thrives in an environment that fosters innovation, creativity, competitiveness, scientific research and critical thinking to drive transformation.

The University has its main campus in Thika town, in the outskirts of Kenya's capital Nairobi, where it is transforming a hitherto industrial town into an educational hub. Through a well-structured network of campuses, the University is broadening access to quality higher education for the larger East African Community and to the rest of Africa. The University offers a wide-range of academic and professional courses, through various flexible modes of delivery including Digital learning. The University is a member of Inter-University Council of East Africa (IUCEA), Association of Commonwealth Universities, and National Association of Private Universities of Kenya, Kenya Association of Private Universities, Association of African Universities, and Association to Advance Collegiate Schools of Business, Association of African Business Schools, United Nation Academic Impact and The Talloires Network.

The University has premier, international accredited academic and professional programmes backed by renowned international and local faculty members, researchers and talented students. This underpins the continued funding and investment in research for faculty and students, information resource centre, incubation and innovation centres, internationally bench-marked moot court, Enterprise and Mentorship Academy and integration of ICT in learning.

The University boasts of ultra-modern learning infrastructure that matches global standards as evidenced by the well-equipped award-winning multi-media library and the magnificent Chancellor's Tower, Alumni plaza, MKU Union Tower making the university unique and prestigious. Its unique brand epitomized by the distinct blue and light yellow corporate colours is a byword for academic excellence to many students and potential employers looking for an increasingly competitive, well-trained manpower.

An empowered Divisional Unit of student welfare services continuously re-engineers and positions itself to unlock emerging talents among the students through diversified extra curricula activities, career orientations and international linkages/partnerships for students to achieve their full potential. The international students office supports foreign students settle in and enjoy a pleasant experience at Mount Kenya University.

A home away from home

At MKU, most new undergraduate students are provided with accommodation where they do a lot of their studying and socializing. You will meet a whole cross-section of people from around the country and the East African region with their own unique interests and passions.

We also provide many opportunities to engage socially – in activities such as sports, performing arts and voluntary work. There are numerous sports, clubs and societies for students to choose from. MKU has a proud record of achievements in national and international co-curricular university competitions such as drama, ball games, athletics and indoor games.

“

STUDENTS WORK IN TEAMS TO DEVELOP SKILLS AND THE ATTITUDE NEEDED FOR INTELLECTUAL ENGAGEMENT.

A word of welcome

Mount Kenya University programmes offer you the chance to engage with academics at the forefront of cutting-edge research and to contribute to addressing our global challenges.

Thank you for taking the time to explore and find out more about Mount Kenya University (MKU), one of the leading chartered universities in Kenya. At this point in your secondary school education, we are delighted to introduce to you our industry-focused courses that will enable you to realise your dream career.

We provide an exciting range of opportunities and experiences. Our students leave with a greater sense of purpose and global outlook, and the skills and confidence to make positive change – to their own lives and to the lives of those around them.

From its beginning as a middle level tertiary college in the early 1990s, MKU has grown to become one of the biggest universities in Kenya and the East African region, offering broad-based market-oriented programmes from certificate, diploma, undergraduate, master to doctorate levels.

If you are looking to study at a leading university with a wide choice of high quality industry-driven programmes, then seek no further than MKU.

We offer courses in Medicine, Health Sciences, Pure and Applied Sciences, Engineering, Law, Education, Computing and Informatics, Business, Economics, Hospitality, Travel and Tourism Management, and Social Sciences. Because of its market-driven programmes, MKU students are greatly sought after by employers, making the University have one of the highest graduate employment rates in Kenya as demonstrated on page 81.

The University has its main campus in Thika town, with a well-structured network of campuses offering quality education to Kenyans, the larger East African Community and has a footprint in many nations through digital learning.

Mwai Kibaki Convention Centre, Main Campus (Thika).*

Word from the Vice-Chancellor

Our faculty and students pursue innovative scholarship in health, pure and applied sciences and social sciences where individuals of all backgrounds create a learning community that values a multi-faceted approach to education.

Being one of the leading universities in Kenya and the East African region, MKU will equip you with a contextually-grounded, world-class education. We train our graduates to become accomplished innovators, job creators and thought leaders.

You will be taught and mentored in an academically challenging and intellectually stimulating environment

We have invested in ultra-modern learning facilities that match global standards, which include state-of-the-art science and anatomy laboratories; ICT centres; lecture theatres and tutorial rooms; demonstration rooms and studios – the tools you need to explore and excel.

Wherever you walk around campuses, you'll come across purposely built spaces, such as the Study Villas, to meet with colleagues, take time out, or get ahead on your assignments. Additionally, we are very much alive to the fact that a healthy body begets a healthy mind. Thus, we also offer our students a wide range

of cultural and sporting activities through our many student clubs and societies. Whether you are looking to get into shape and have fun too, or you are gearing towards professional sports, there are plenty of ways to make the best of our sporting facilities.

The Undergraduate Prospectus is intended to empower secondary school students with functional information on post-secondary training in certificate, diploma, undergraduate, master and doctorate levels at one of Kenya's leading universities.

TESTIMONIALS

Owilah Martin O.

An alumnus of MKU and a rugby player for Kenya Commercial Bank Rugby Club and Kenya National Rugby Simba 15s Team. It has been a great MKU Experience, a journey that started with an award of a sports scholarship due to my exemplary performance in Diploma in Community Health and then completed a Bachelor degree programme in Community Health and Development which gave me the privilege to serve in the same university as an intern in the student's welfare department and also running my own mentorship initiative by the name Mentor-ME Generation a program that enables students to exploit their talents as they pursue their education.

I was privileged to be part of the MKU Titans rugby team that won the KUSA Games in the season 2017/2018. In year 2017 served as the MKU student's president a position that honed my leadership skills and develop a wide range of network.

Welcome to MKU to pursue your dream career.

Lindah Koskey

I am a senior business reporter at K24 TV

Holder of a first class degree in Bachelor of Arts in Mass media and communication class of 2018. I was also the Chairperson Drama club and the MKU Basketball ladies team captain

MKU students win 'Top Story Season 2' journalism contest

They represented Mount Kenya University (MKU) at the Top Story Season 2 investigative journalism competition organised by media firm, Africa On Air. The reality show aired on KTN Home.

Of the investigative pieces that the 20 participating universities presented, the trio's story, 'Taps of Misery', edged the rest.

Award-winning journalism students, their colleagues and staff celebrate the win.

Bachelor of Science in Agriculture and Rural Development	KCSE mean grade C+ (plus) and C (plain) in Biology and any one of these subjects: Chemistry, Mathematics, Physics or Agriculture Or Diploma in a relevant field with at least C (plain) in KCSE from an institution recognized by the Mount Kenya University Senate.	8 semesters full-time KSh. 59,550 per semester
Bachelor of Science in Animal Science	KCSE mean grade C+ (plus) with at least C (plain) in Biology or Biological Sciences and any of the following: Mathematics, Chemistry, Physics or Physical Sciences Or Diploma in Animal Health / Production / Agriculture / Medical Laboratory Technology from an Institution recognized by Mount Kenya University Senate.	8 semesters KSh. 59,550 per semester
Diploma in Animal Health and Production	KCSE Mean grade of C (Plain)or its equivalent; and at least C (Plain) in Biology or Biological Sciences, C-(Minus) in Chemistry or Physical Science, C-(Minus) in Mathematics or Agriculture or Certificate in Animal Health and Production from an Institution recognized by KVB Or Credit pass in agriculture/range management/ wildlife health/ a 2 years dairy technology course or equivalent as approved by KVB with at least an aggregate of C-(Minus) at KCSE or Division III at KCE, from institutions recognized by Kenya Veterinary Board (KVB) Or Diploma in Biomedical discipline recognized by the KVB	9 Trimesters Full-time KSh. 39,550 per trimester
Certificate in Animal Health and Production	KCSE mean grade of C- or its equivalent, and C- in Biology or Biological Sciences	7 Trimesters Full-time KSh. 29,550 per trimester

Programmes	Admission Requirements	Duration & Fees
Certificate in Artificial Insemination	KSCE C-(minus) Or At least a Certificate in Animal Health from an institution recognized by KVB	4 Weeks sessions in April, August, December KSh. 38,600 per session

Career opportunities

Graduates in Animal Health and Production have an opportunity to work in private clinical veterinary practice, veterinary pharmaceutical industry, scientific research, academia, animal and animal product industry, dairy industry; genetics and plants/animal breeding industry; and food processing. The following careers are available to graduates:

- Animal health technologist
- Animal health technician
- Animal nutritionist
- Animal genetics officer
- Agricultural officer
- Animal research scientist
- Agriculture research scientist
- Agronomist
- Entrepreneur (agrovet, agribusiness)
- Agricultural consultancy
- Crop protection and preservation officer

SCHOOL OF COMPUTING & INFORMATICS

Computer technology pervades every aspect of our modern lives and each technological advance transforms the world in which we live and work. The MKU School of Computing and Informatics offers the much sought-after skills in Information Communication Technology (ICT), Informatics and Knowledge Management.

The programmes are offered at certificate, diploma and degree levels in three departments; Information Technology, Information Science and Knowledge Management and Enterprise Computing. The University has partnerships with global IT giants such as IBM and Oracle to make the courses even more industry-focused.

OUR COMPUTER SCIENCE COURSES COVER ALL ASPECTS OF MODERN ICT, GIVING STUDENTS SKILLS TO CREATE FUTURE TECHNOLOGY AND GAIN RELEVANT INDUSTRIAL EXPERIENCE.

MWAI KIBAKI CONVENTION CENTRE

Mount Kenya University Convention Centre has a capacity of 2000 people accommodated in three deck levels. It also has seminar rooms, offices and utility areas. It is designed to be used as a Convention Centre to serve a variety of purposes such as staging of plays, music, presentations, speeches etc. The design concept is a timeless shell where ideas and innovations are enveloped. The structure also rises gradually from a focal point of knowledge and graduates dynamically towards new inventions. The science behind the structure has taken into consideration high level of acoustics and design of detailed sight lines to ensure an all-inclusive audience participation. Whereas there's use of local materials, there is also incorporation of modern materials to ensure the audience enjoy best ambience.

GROW YOUR TALENT WITH US

Mount Kenya University has rolled out a comprehensive plan to offer scholarships in sports and the arts in an effort geared towards producing well-rounded graduates.

MKU Chairman Simon Gicharu made the remarks during the launch of the tennis court at Thika Campus.

"You may have come here to study but you also need to play. We want to see you exploit your potential fully," Gicharu told the students.

"I always say that an institution that does not allow its students to exploit their potential fully is not an institution of learning. We will introduce as many sporting activities as possible," he added.

Gicharu said that sports can help young people deal with the pressures of life arising from studies, family backgrounds and society.

GRADUATE STUDIES

The College of Graduate Studies & Res

In 2019, the University management established the College of Graduate Studies and Research to optimize the mutual synergy between graduate Studies and Research

Our operating context

The international context is guided by the Sustainable Development Goals (SDGs), which were adopted by all United Nations Member States in September 2015 as a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity by 2030.

The regional context is guided by a number of factors including the African Union (AU) reform agenda which is primarily based on the AU Agenda 2063, a blue print for the economic development of the continent. The main aspirations of Agenda 2063 are a continent of good governance, democracy, respect for human rights, justice, rule of law and Africa whose development is people-driven, relying on the potential of African people, especially in respect

to the women, youth, older persons and caring for children. The agenda renews the continental commitment to the Pan African vision for 'an integrated, prosperous and peaceful Africa'.

Nationally, the operating context shall be guided by the Kenya Vision 2030, Third Medium Term Plan- MTP III (2018-2022), The Big Four Agenda, Commission for Education Standards and Guidelines 2014 and The National Commission for Science, Technology and Innovation strategic focus (2018-2022).

This operating context shall guide the development of priority areas in research and graduate training.

Research excellence

In the 2017/2018 financial year, the University was ranked number four nationally in attracting postgraduate research grants from the National Research Fund (NRF). The NRF has so far awarded research grants amounting to KShs. 9,741,233 to our graduate students. The College of Graduate Studies
